<i>Appendix 1</i>	20

1. Introduction

The safety and welfare of children and young people and other vulnerable groups is of paramount importance and Hatton Academies Trust is fully committed to the rigorous implementation of the Disclosure & Barring Service (DBS) procedures and arrangements.

The Trust is also committed to preventing discrimination or any other unfair treatment against employees, potential employees or volunteers on the grounds of prior convictions / offences that does not create a risk to children or vulnerable adults, in accordance with the DBS code of practice.

This document covers the Trusts policy on the vetting of staff and volunteers and information regarding the application and management of DBS checks. This information is for current employees and should be supplied as part of the Recruitment Pack to potential employees and volunteers.

2. The Law

Applications for DBS Disclosure checks are made under part V of the Police Act 1997 and the enabling provisions of the rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 for the purposes of asking exempted questions. This enables spent convictions to be disclosed and taken into account when considering an applicant's suitability for work with children, vulnerable adults or in certain positions of trust. This policy is written in accordance with: DfE policy guidelines, 'Working Together to Safeguard Children March 2015 and Keeping Children Safe in Education – Statutory guidance for schools and colleges September 2016; The School Staffing (England) Regulations 2009 (No. 2680), and The Home Office Revised Code of Practice for Disclosure & Barring Service Registered Persons (November 2015). Further information and guidance on this is available at www.gov.uk.

The Safeguarding Vulnerable Groups Act 2006 introduced new criminal offences in relation to the engagement of barred persons and the provision of information relating to individuals. If an offence is committed by a corporate body and is proved to be committed with the consent or connivance of, or to be attributable to neglect on the part of a director, manager or other similar officer of the body or a person acting in this capacity, this will result in fines and possible imprisonment.

The Protection of Freedoms Act 2012 sets out a range of obligations for employers including the checks they are able to carry out on volunteers. Specifically, the

definition of Regulated Activity and Supervision and obtaining DBS checks for people under 16 years of age are covered.

3. DBS Disclosures

The DBS provides access to Disclosure checks for employment-related and voluntary appointment purposes. Disclosure checks enable schools to make informed decisions about the suitability of candidates for a particular position.

At Hatton Academies Trust, all employees and volunteers have Enhanced DBS checks including those employed before March 2002. All employees must subscribe to the Update Service and give the Trust continued consent to carry out checks for the duration of their employment, to establish that the information released on the DBS certificate is current. The Trust will reimburse employees for the Update Service subscription fees for the duration of their employment.

4. Enhanced Disclosures

An enhanced level certificate contains details of all spent and unspent convictions, cautions, reprimands and final warnings from the Police National Computer (PNC) which have not been filtered in line with legislation plus a check of information held locally by police forces.

The DBS will no longer automatically issue a copy of the applicant's DBS Certificate to the Trust. Therefore employees are required to provide the Trust with sight of their DBS Certificate for verification before commencement of employment.

The Trust are entitled to ask the Disclosure & Barring Service for a copy of an employee's DBS Certificate if all of the following conditions apply:

- The employee is subscribed to the Update Service; and
- The Trust has carried out a Status Check which revealed a change to the DBS Certificate; and as a result
- The employee has applied for a new DBS check as the result of a change to an existing DBS Certificate; and
- The DBS issued the new DBS Certificate to the applicant more than 28 days ago; and
- The employee has not shown the Trust their new DBS Certificate.

If the individual has disputed the new DBS Certificate the DBS will not consider issuing a copy to the Trust until 28 days after the dispute is resolved.

5. DBS checks required by Hatton Academies Trust

5.1 Employees

Enhanced DBS clearance is required for all employees and will be obtained on their behalf by the Trust.

5.2 Volunteers

Enhanced DBS clearance is required for all volunteers and will be obtained on their behalf by the Trust.

5.3 Directors / Academy Representatives

Enhanced DBS clearance is required for all volunteers and will be obtained on their behalf by the Trust.

5.4 Visitors

All Visitors, over the age of 16, to the Trust Academies that have unsupervised access to pupils must provide evidence of clear enhanced DBS (less than 3 years old)

5.5 Trainee/Student teachers

Where teacher/student teachers are salaried by the Trust, the Trust will ensure that all necessary checks are carried out. As trainee teachers are likely to be engaging in regulated activity, an enhanced DBS certificate (including barred list information) will be obtained.

Where trainee teachers are fee-funded, it is the responsibility of the initial teacher training provider to carry out the necessary checks:- a criminal record check, including barred list information, and rigorous checks in line with the Childcare Disqualification Regulations. Academies should obtain written confirmation from the training provider that these checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

5.6 Contractors

Any contractor, or any employee of the contractor, who is to work at a Trust Academy, must be subject to the appropriate level of DBS check. Contractors engaging in regulated activity will require an enhanced DBS certificate (including barred list information). For all other contractors who are not engaging in regulated activity, but whose work provides them with an opportunity for regular contact with children, an enhanced DBS check (not including barred list information) will be required. In

considering whether the contact is regular, it is irrelevant whether the contractor works on a single site or across a number of sites.

5.7 Supply Teachers

Supply teachers must have been checked before working in the Trust. This is done in advance of their engagement by the Personnel Manager/Principal by working with the employing agency and verifying staff through photographs. Supply agencies must provide the Academy with compliance checking details prior to commencement of a booking to include:- identity, confirmation of enhanced DBS, Children's Barred List, qualifications & QTS, right to work in the UK, Childcare Disqualification Regulations.

5.8 Consultants and Inspectors

Consultants and Inspectors must have their enhanced DBS clearance with them and a letter/document from the appropriate authority to prove their status before being given unsupervised access to children. Photo ID may also be required.

5.9 Local Authority staff and other organisations

Local Authority staff and those from other organisations working with the Trust e.g. Prospects Career Advisors) should be asked for their DBS clearance or verification of Local Authority status, and the visit checked with the relevant member of staff they are visiting before they are given unsupervised access to children. The Senior Leadership Team of the Academy will ensure that all organisations working with the Academy meet these requirements and these are confirmed in writing.

5.10 Peripatetic staff

Peripatetic staff are employed by the Northamptonshire Music and Performing Arts Trust and are covered by 5.9 above. Their DBS clearance details are kept on the Academy's Approved Visitor List.

5.11 Candidates on interview.

The Trust asks all candidates to bring a current DBS and proof of identity. If these are provided and checked as being in order, the candidate may walk around the site unaccompanied for interviews and will be classed as an 'Approved Visitor'. If this is not the case the candidates will be given supervised access only to the site.

5.12 Other visitors

Other visitors with access to children such as school photographers and trainers must also have a current enhanced disclosure either provided by the employing organisation with proof of identity or obtained by the Trust.

If the visitor is not able to meet these requirements then supervised access only to the site and its pupils will be given. Such visitors will be accompanied at all times by a member of staff. For full details of visitor procedures please refer to the Trust's Visitor policy.

The Trust makes a determined effort to keep unauthorised adults from entering Trust sites and its buildings. Staff are expected to challenge any adult seen without an Academy 'Visitor' badge, or an adult with a red visitors badge who is not supervised. The Trust's security systems aim to make unauthorised entry to the buildings as difficult as possible.

6. Barred List Check

For most appointments, a barred list check will also be required as the majority of staff and volunteers will be engaging in regulated activity.

The full legal definition of regulated activity is set out in Schedule 4 of the Safeguarding Vulnerable Groups Act 2006 as amended by the Protection of Freedoms Act 2012. HM Government have produced a factual note on Regulated Activity in relation to Children:

Regulated activity includes:

- a) teaching, training, instructing, caring for (see (c) below) or supervising children if the person is unsupervised, or providing advice or guidance on well-being, or driving a vehicle only for children,
- b) work for a limited range of establishments (known as 'specified places', which include schools and colleges), with the opportunity for contact with children, but not including work done by supervised volunteers;

Work under (a) or (b) is regulated activity only if done regularly.

Some activities are always regulated activities, regardless of their frequency or whether they are supervised or not. This includes:

- c) relevant personal care, or health care provided by or provided under the supervision of a health care professional:
 - personal care includes helping a child, for reasons of age, illness or disability, with eating or drinking, or in connection with toileting, washing, bathing and dressing;
 - health care means care for children provided by, or under the direction or supervision of, a regulated health care professional

7. Out of school hours and Extended School

Any person involved in delivering any activity to children or vulnerable adults on a trust academy site out of school hours must have had an Enhanced DBS disclosure within the past three years. Evidence of enhanced disclosure must be sought before the activity is planned and agreed to take place. This includes:

- after school clubs and events organized by a trust academy or Home School Association / PTA (responsibility for obtaining disclosure lies with the Academy or HSA/PTA)
- community school type activities where other schools come to an academy to take part in a collective activity (e.g. School sports co-ordinator activities and competitions). Responsibility for disclosure lies with the Trust employee organising the activity.
- activities delivered by external organisations who have hired the trust academy as a venue for their activity (e.g. Lettings). Responsibility for obtaining disclosure lies with the Academy employee responsible for the management of lettings.

All external organisations will be responsible for the cost of the enhanced disclosure. The Trust will only routinely fund disclosures for its employees, Directors / Academy Representatives and home school association/PTA members.

8. Pupils Offsite

8.1 Residential trips and visits

Pupils must be accompanied by the academy staff at all times. Where this is not practical or pupils being given free time which is unsupervised this must be agreed with the Trips Co-ordinator and parents of the pupils and risk assessed in documentary form. Where pupils are with staff from other organisations and they require unsupervised time with students as part of the visit, an enhanced DBS clearance for such staff must form part of the visit procedures and risk assessment.

8.2 Pupils on regular visits to college/other schools

The trust academy will check with the receiving school/college that their DBS requirements meet the high standards required by Hatton Academies Trust. The Principal/Vice Principal will ensure that a list of these institutions and confirmation of their DBS arrangements are kept with the central record.

8.3 Pupils in taxis

Where pupils travel in taxis arranged by a trust academy e.g. pupils being transported to school, pupils in care, or on hospital out-reach, the trust academy will ensure that the taxi company has Enhanced DBS clearance for its drivers or will obtain them on their behalf. The Principal / Vice Principal will ensure that this list is up to date.

9. Work Experience

There is not a requirement for a DBS check when students attend an external work-experience placement unless one of the following four criteria are met:

- It is residential work experience
- It lasts for more than 15 days
- The student is judged by the trust academy to be vulnerable
- There is substantial one-to-one working alone with an adult. Substantial is defined as more than half a day and the child is under 16 years of age. A risk assessment will be undertaken on a case by case basis taking into account the nature of the supervision and the frequency of the activity. In all cases, work experience providers will be formally assessed for all aspects of Health, Safety and Safeguarding and a professional judgement made by the Principal / Vice Principal as to the requirement for a DBS check.

The Work experience team will ensure that this policy is followed and seek information from the Academy's data on vulnerable pupils and the Senior Designated Person.

Academies providing a work experience placement for a student from another school/academy do not require an enhanced DBS. They should liaise with the school/academy to seek confirmation of the child's behaviour and conduct as part of its risk assessment.

10. When may a Disclosure not be necessary?

It is not necessary to obtain a DBS disclosure for visitors who will only have contact with the children on an ad hoc or irregular basis for short periods of time, or secondary pupils undertaking voluntary work or work experience in other schools. However, it is required practice that visitors sign in and out, and are escorted whilst on the premises by a member of staff or appropriately vetted volunteer.

The following are examples of when a DBS disclosure is not usually required

- Visitors who have business with the CEO or other staff or who have brief contact with students in the presence of a teacher. Such visitors should not be allowed to wander freely and unescorted on the school site.
- Visitors who come on site only to carry out emergency repairs, ad hoc repairs or to service equipment occasionally and where this work is undertaken during school holiday periods when there are no students on site.
- Secondary pupils on short-term work experience placements as part of Key Stage 4 work experience (see work experience in Section 4e above).
- Pupils from other schools on KS4 work experience in or from other schools or nursery classes.
- Pupils undertaking work in school as part of a voluntary service, citizenship or vocational studies
- Pupils from other schools in connection with a short careers or subject placement.
- Volunteers or parents who accompany staff and pupils on one off outings or trips that do not involve an overnight stay, or who help out at one off specific events e.g. sports days or music festivals.
- Parents of pupils participating in Sports Days

11. Individuals who have lived or worked outside the UK

Individuals who have lived or worked outside the UK must undergo the same checks as all other staff, volunteers and governors. In addition, the Trust must make any further checks they think appropriate so that any relevant events that occurred outside the UK can be considered (eg an overseas police check).

There is **no requirement** to obtain an enhanced DBS certificate or carry out checks for offences that may have occurred outside the UK if, in the three months prior to their appointment, the applicant has worked:

- in a school in England in a post which brought them into regular contact with children or young persons in any post in a school since 12th May 2006; or

- in an institution within the further education sector in England or in a 16-19 Academy, in a post which involved the provision of education which brought the person regularly into contact with children or young persons.

All other pre-appointment checks must still be completed, including where the individual is engaging in regulated activity, a barred list check. The Trust will undertake an ongoing, continuous and dynamic risk assessment of all staff during their employment.

For further details the DBS provides an overseas Information Service at www.gov.uk. In cases where a criminal record check is not possible, particular care should be taken with the other required checks, especially those of identity, qualifications and satisfactory references. As outlined in the School Staffing (England) Regulations 2009, the Chief Executive Officer must ensure that these checks are amongst those which must have been undertaken before an appointment is made.

12. Tier 2 Visa Applicants

From April 2017, the Government plans to extend the requirement to provide a criminal record certificate to Tier 2 visa applicants coming to work in education, health and social care sectors and to their adult dependants.

Tier 2 visa applicants who are applying for a post in an occupation defined by the relevant Standard Occupational Classification (SOC) code, will need to provide a criminal record certificate from any country they have lived for 12 months or more in the past 10 years at the time of the visa application. Failure to do so may result in refusal of the visa application being refused. Relevant SOC codes can be found on the Home Office website.

13. Action if a DBS check shows a criminal record (conviction, caution, reprimand or bindover)

An applicant's suitability should be judged in the light of the results of all the relevant pre-appointment checks carried out on him or her. The fact that a person has a criminal record does not automatically make him or her unsuitable for work with children. The CEO / Director of Finance & Operations have delegated authority from the Board of Directors to a make a judgement about suitability, taking into account only those offences which may be relevant to the particular job in question. A risk assessment should be completed (Appendix 1).

As part of this risk assessment, the CEO/Director of Finance and Operations will consider convictions against the Childcare (Disqualification) Regulations 2009, which may preclude potential employees from working with children under 8 years of age.

In deciding the relevance of convictions a number of points should be considered:

- i) **The nature of the offence:** In general, convictions for sexual, violent or drug related offences will be particularly strong contra-indications for work in a Trust Academy
- ii) **The nature of the appointment:** Often the nature of the appointment will help to assess the relevance of the conviction. For example, serious sexual, violent, drug or drink offences would give rise to particular concern where a position was one of providing care. Driving or drink offences would be relevant in situations involving transport of children;
- iii) **The age of the offence:** Offences which took place many years in the past may often have less relevance than recent offences. However, convictions for serious violent or sexual offences or serious offences involving substance abuse are more likely to give cause for continuing concern than, for instance, an isolated case of dishonesty committed when the person was young. The potential for rehabilitation must be weighed against the need to protect children;
- iv) **The frequency of the offence;** A series of offences over a period of time is more likely to give cause for concern than an isolated minor conviction.

14. Risk Assessment

A risk assessment (Appendix 1) should be undertaken where a visitor, volunteer, parent or other stakeholder working with or supervising students has no DBS disclosure and where the work cannot be reasonably delayed. A risk assessment will also take place if the DBS return shows a criminal record. In undertaking this risk assessment, the CEO or Director of Finance & Operations should take account of the following factors:

- What the academy knows about the person, including informal and formal information offered by staff, parents or other volunteers
- Whether the person is well known by others in the local or academy community who are likely to be aware of behaviour that could give cause for concern
- Whether the person has other employment, or undertakes voluntary activities where referees can advise on suitability
- A clear Barred List check must be in place and official photo identification provided (e.g. driving licence or passport) in order that date of birth and surname can be verified

- The nature of the work being undertaken
- Appropriate controls and supervision arrangements that can be implemented

15. Commencing employment prior to receiving Disclosure information

Where a DBS disclosure is required, it should be obtained before an individual begins work and the request for a DBS disclosure must be submitted in advance of the individual commencing in post. The CEO has discretion to allow an individual to begin work within the Trust pending the receipt of the Enhanced DBS Disclosure but must ensure that the individual is appropriately supervised and that all other checks, including Barred List check and a full risk assessment have been completed.

15.1 Supervision

Appropriate supervision for individuals who start work prior to DBS clearance should reflect what is known about the person concerned, their experience, the nature of their duties, and the level of responsibility they will carry. For those with limited experience and where references have provided limited information the level of supervision required may be high. For those with more experience and where the references are detailed and provide strong evidence of good conduct in previous relevant work a lower level of supervision may be appropriate. For all staff without completed DBS Disclosures it should be made clear that they are subject to this additional supervision. The nature of the supervision should be specified and the roles of staff in undertaking the supervision should be reviewed regularly, (ie at least every two weeks) until the DBS Disclosure is received and assessed as satisfactory.

15.2 Where a DBS Disclosure indicates cause for concern

The member of staff must be immediately withdrawn from the trust academy pending further enquiries. In these circumstances the CEO and Academy Principal will confer. The offer of employment to the individual and any subsequent employment arising from the offer will be conditional and subject to a Disclosure check that is satisfactory to the CEO. This check should normally be received during the employee's probationary period. Where DBS clearance is not returned during this period, employment can only continue if the probationary period is extended and the supervision arrangements remain in place.

16. Information Sharing

The Trust has a legal duty to refer to the DBS anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they

not left. The DBS will consider whether to bar the person. Referrals should be made as soon as possible after the resignation or removal of the individual.

Where a teacher's employer, including an agency, ceases to use the services of a teacher because of serious misconduct, or would have dismissed them had they not left first, they must consider whether to refer the case to the Secretary of State, as required by sections 141D and 141E of the Education Act 2002. The Secretary of State may investigate the case, and if s/he finds there is a case to answer, must then decide whether to make a prohibition order in respect of the person.

17. The DBS code - obligations

17.1 As the Trust's recipient of Disclosure information, the CEO on behalf of the Board of Directors shall:

- Observe guidance issued or supported by the Disclosure & Barring Service ("The DBS") on the use of Disclosure information- and, in particular, recipients of Disclosure information shall not unfairly discriminate against the subject of Disclosure information on the basis of conviction or other details revealed.

17.2 In the interest of the proper use of Disclosure information and for the reassurance of persons who are the subject of Disclosure information, the Chief Executive Officer shall:

- Have a written policy statement on the recruitment of ex-offenders, so that a copy can be given to all applicants for positions where a Disclosure will be requested (see below);
- Ensure that a body or individual who request applications for Disclosures have a written policy and, if necessary, provide a model for that body or individual to use.

17.3 In order that persons who are, or who may be, the subject of Disclosure information are made aware of the use of such information and shall be reassured, the CEO shall:

- Ensure that application forms for positions where Disclosures will be requested contain a statement that a Disclosure will be requested in the event of a successful application, so that applicants are aware of the situation;
- Include in application forms or accompanying material a statement to the effect that a criminal record will not necessarily be a bar to obtaining a position in the Trust, in order to reassure applicants that Disclosure information will not be used unfairly;

- Discuss any matters revealed in Disclosure information with the person seeking the position before withdrawing an offer of employment;
- Make every subject of a Disclosure aware of the existence of this Code of Practice, and make a copy available on request; and
- In order to assist staff to make appropriate use of Disclosure information in reaching decisions, make available guidance in relation to the employment and fair treatment of ex-offenders and to the Rehabilitation of Offenders Act 1974.

18. Handling the Disclosure information

The CEO as the Recipient of Disclosure information:

- Must ensure that Disclosure information is not passed to persons not authorised to receive it under section 124 of the Act. Under section 124, to be unauthorised is an offence;
- Must ensure that Disclosures and the information they contain are available only to those who need to have access in the course of their duties;
- Must securely store Disclosures and the information that they contain;
- Should retain neither Disclosures nor a record of Disclosure information contained within them for longer than is required for the particular purpose. In general, this should be no later than 6 months after the date on which recruitment or other relevant decisions have been taken, or after the date on which any dispute about the accuracy of the Disclosure information has been resolved this period exceeded only in very exceptional circumstances which justify retention for a longer period

19. Policy Statement: Secure Storage, Handling, Use, Retention and Disposal of Disclosures and Disclosure Information

- 19.1 As an organisation using the Disclosure & Barring Service (DBS) to help assess the suitability of applicants for positions of trust, Hatton Academies Trust complies fully with the DBS code of practice regarding the correct handling, use, storage, retention and disposal of disclosures and disclosure information. It also complies fully with the obligations under the Data Protection Act 1998 and other relevant legislation pertaining to the safe handling, use, storage,

retention and disposal of Disclosure Information and has a written policy on these matters which is available to those who wish to see this on request.

- 19.2 Storage and Access - Disclosure information should be kept securely, in lockable, non-portable, storage containers with access strictly controlled and limited to those who are entitled to see it as part of their duties.
- 19.3 Handling in accordance with section 124 of the Police Act 1997, Disclosure information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom Disclosures or Disclosure Information has been revealed. It is a criminal offence to pass this information to anyone who is not entitled to receive it.
- 19.4 Usage - Disclosure information is only used for the specific purpose for which it was requested and for which the applicants' full consent has to be given.
- 19.5 Retention - Once a recruitment (or other relevant) decision has been made, we do not keep Disclosure information for any longer than is necessary. This is generally for a period of up to 6 months, to allow for the consideration and resolution of any disputes or complaints. If, in very exceptional circumstances, it is considered necessary to keep Disclosure information for longer than 6 months, we will consult the DBS about this and will give full consideration to the Data Protection and Human Rights of the individual before doing so. Throughout this time, the usual conditions regarding the safe storage and strictly controlled access will prevail.
- 19.6 Disposal - Once the retention has elapsed, we will ensure that any Disclosure information is immediately destroyed by secure means, i.e. by shredding, pulping or burning. While awaiting destruction Disclosure information will not be kept in any insecure receptacle (e.g. waste bin or confidential waste sack). We will not keep any photocopy or other image of the Disclosure or any copy or representation of the contents of a Disclosure. However, notwithstanding the above, we may keep a record of the date of issue of the Disclosure, the name of the subject, the type Disclosure requested, the position for which the Disclosure was requested, the unique reference number of the disclosure and details of the recruitment decision taken.

20. Policy Statement on the Recruitment of Ex-offenders

- 20.1 As an organisation using the Disclosure & Barring Service (DBS) to assess applicants' suitability for positions of trust, Hatton Academies Trust complies fully with the DBS Code of Practice and undertakes to treat all applicants for positions fairly. It undertakes not to discriminate unfairly against any subject of a Disclosure on the basis of a conviction or other information revealed.

- 20.2 The Trust is committed to the fair treatment of its staff, potential staff or users of its services, regardless of race, gender, religion, sexual orientation, responsibilities for dependents, age, physical/mental disability or offending background.
- 20.3 We actively promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates. We select all candidates for interview based on their skills, qualifications and experience.
- 20.4 A Full Enhanced Disclosure is required for **all posts** in the Trust. Our application pack contains a statement that an Enhanced Disclosure will be requested in the event of the individual being offered the position.
- 20.5 We encourage all applicants called for interview to provide details of their criminal record at an early stage in the application process. We request that this information is sent under separate, confidential cover, to the CEO / Principal and we guarantee that this information will only be seen by those who need to see it as part of the recruitment process.
- 20.6 The Rehabilitation of Offenders Act 1974 provides that if a convicted person completes a specific period without being convicted of further offences the conviction may be regarded as being 'spent'. These sentences do not have to be revealed and may not be used as grounds for exclusion from employment. However, jobs that involve work with children and vulnerable adults are exempt from the provisions of the Act. In practice this means that for all posts at Hatton Academies Trust, applicants are required to disclose any criminal convictions when applying for a post. Disclosure of convictions, either by the applicant or as a result of the DBS check, will not necessarily exclude an individual from employment. Employment decisions will have regard for the nature of the offence committed.
- 20.7 We ensure that all those in the Trust who are involved in the recruitment process have been suitably trained to identify and assess the relevance and circumstances of offences. We also ensure that they have received appropriate guidance and training in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.
- 20.8 At interview, or in a separate discussion, we ensure that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment.
- 20.9 We make every subject of a DBS Disclosure aware of the existence of the DBS Code of Practice and make a copy available on request.

- 20.10 We undertake to discuss any matter revealed in a Disclosure with the person seeking the position before withdrawing a conditional offer of employment.
- 20.11 Having a criminal record will not necessarily bar you from working with us. This will depend on the nature of the position and the circumstances and background of your offences. The CEO will discuss the situation with the Chair of the Board of Directors before making a decision. Information will be treated sensitively and only disclosed to those people who require this information to make these decisions. The decision is final and will be noted in the Academy's recruitment records.
